At the Savoy Inn, we understand it is difficult to determine a head count for after-funeral luncheons. We will do everything possible to accommodate you, your family and friends after the funeral services. With large fluctuations in your head count, patience is sometimes needed as we will do our very best to set more tables, prepare more food, and service all guests. We will also try to accommodate any guest or child with special dietary requirements.

Thank you for considering Merighi's Savoy Inn in your time of need. We are very sorry for the loss of your loved one and are glad to be of service to you when you need us the most!
